3. I know dark clouds will gather 'round me,
I know my way is rough and steep,
But beauteous fields lie just beyond me
Where souls redeemed their vigil keep.
I'm going there to meet my mother,
She said she'd meet me when I come...

4. I want to wear a crown of glory
When I get home to that bright land;
I want to shout Salvation's story,
In concert with that bloodwashed band.
I'm going there to meet my Saviour,
To sing His praise forever more...

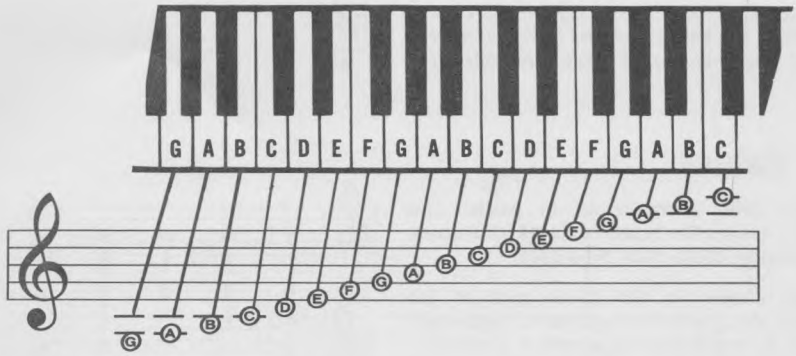
# THE ABC's OF LETTER MUSIC

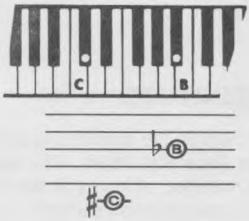
## The Melody (Right Hand)

The melody appears as large lettered notes. The letter name corresponds to a key on your keyboard.



## Sharps and Flats

In LETTER MUSIC a **sharp** (♯) tells you to play the very next key to the right and a **flat** (♭) tells you to play the very next key to the left. These are black keys. Notes without a **sharp** (♯) or **flat** (♭) are white keys.



## Ties

A **tie** is a curved line connecting notes on the same line or in the same space. It indicates the first note is struck and then held for the total time value of the tied notes. Only notes with a letter inside are struck.

## The Accompaniment (Left Hand)

The accompaniment consists of chords. All the major and minor chords you need to play appear inside a box. Optional seventh (7) chords appear outside the box.

C G7 Cm Gm7

**N.C.** tells you "No Chord" is played — just the right-hand melody.

Generally, there are three ways to play chords: One finger, traditional, and three-note Easy-Play chords. Your owner's guide can help you decide which methods your keyboard is capable of. Be sure to try them all.

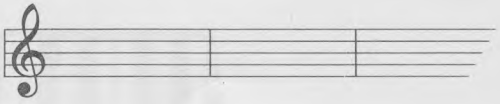
# MUSIC BASICS

## The Staff, Measures and Bar Lines

The **staff** consists of five lines and four spaces and each is named with one of the letters A through G. Any note that appears on one of the lines or in one of the spaces is called by that letter-name.

The S-shaped symbol at the beginning of the staff is called the **treble clef** and tells you all the notes that follow are to be played by your right hand.

The staff is divided into equal sections by using vertical lines called **bar lines**. The sections between the bar lines are called **measures**.



## Time Values

In music, time is measured in **beats**. The illustration shows the types of notes you'll play and how many beats each type gets.

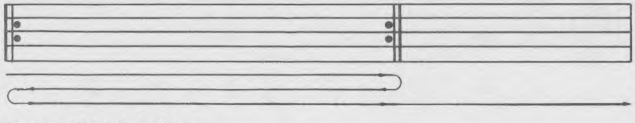
**Rests** are shown in the lower part of the illustration, along with the number of beats each type gets. A rest indicates a period of silence, when you don't play — they still must be counted, however.

## Time Signature

The two numbers at the beginning of a song are known as the **time signature**. The top number indicates the number of beats in each measure. The bottom number 4 tells you each quarter note (♩) receives one beat.

## Repeat Signs and Double Endings

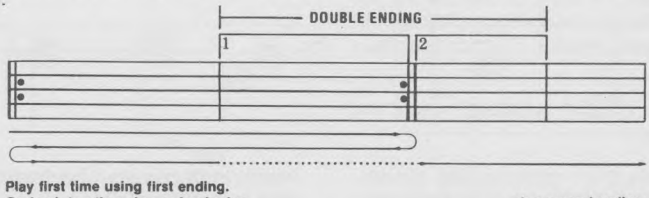
These tell you to play certain parts of a song more than once.



**Play once through to sign**
**Go back to other sign or beginning of song**
**And play a second time.**

**If more music — keep going.**

Sometimes a repeated song, or part of a song, has two different endings. In these cases, **double endings** are used.



**Play first time using first ending.**
**Go back to other sign or beginning,**
**Play second time —**

**(skip first ending)**

**play second ending.**
**If more music — keep going.**

**WE MAKE MUSIC**
**EASY AND FUN FOR EVERYONE**
